

UNDERWOOD BUILDS NEW HEADQUARTERS

Poultry, Egg and Cream Firm Will Occupy New Location About May 1.

Announcement that Underwood's poultry, egg and cream business will be moved about May 1 to a building now under construction at the rear of 250 North Main street, was made today by George Underwood.

The building is an addition that runs eastward along the north side of the firm's present location. It will provide a floor space of 31 by 54 feet on each of two floors and will be of concrete block construction.

It is being built by William Miller and will be occupied by the Underwood business under a lease. Work is about half complete. It will give the firm considerably more space than the room it has occupied since 1924. There will be ample mobile parking facilities at the building.

The Underwood business handles poultry, eggs and cream on a wholesale, retail and jobbing basis.

"Long Range" Works Program To Offset Depressions Predicted by Boulay

Belief that a long range public works program designed to operate in coordination with changing economic conditions will be formulated and placed in effect by the federal government was expressed by L. A. Boulay, state director of the public works administration, in a talk to members of the Marion Rotary club following their weekly luncheon at Hotel Heister yesterday.

Although it is difficult to predict just what the results of the program will be, Boulay said he was confident that it will be a success.

He said that the program will provide a reserve of public works which can be drawn upon in periods of business depression.

JUDGE YOUNG RULES ON LOAN JUDGMENTS

Holds Crawford Finance Co. Owner of Citizens' Loan Assets.

Common Pleas Judge Hector S. Young yesterday decided that all deficiency judgments held by the closed Citizens' Building & Loan Co. are the property of the Crawford Finance Co., which recently purchased the remaining assets of the institution for \$208,000. The question of ownership of the several thousand dollars worth of deficiency judgments was raised in the suit of the finance company against Stewart G. Glasener and others, in which Russell M. Wilhelm, receiver for the Citizens' Co., cross-petitioned for recognition of several such judgments. The finance company was granted its request for a judgment of \$2,160.91 against Mr. Glasener, and unless the judgment is paid within the next two days and property lot No. 1945 in Love's third addition, will be foreclosed. The judge stated in his entry that all such deficiency judgments had been transferred to the Crawford Finance Co. with the sale of other assets. Mr. Wilhelm had asked that 10 judgments totaling \$5,679.65 against Glasener be declared the best lien against the property in the suit. Gutheryn, Strelitz & Guthery and J. D. Williamson were attorneys for the plaintiff and Cathart, Warner & Cathart represented Mr. Wilhelm.

25 HEADED FOR FALLEN PLANE

by Spring
Dead Snow
Slow

They were flying over the mountains when the plane began to shimmy. The pilot, a young man, looked down at the instruments and saw that the fuel was low. He tried to turn back, but the engine sputtered and died. The plane began to descend rapidly. The passengers, a mix of men, women and children, looked out the windows in terror. Some tried to brace themselves, while others simply stared in disbelief. The plane crashed into a dense forest, sending up a massive cloud of dust and debris. Twenty-five people were on board, and all of them were killed.

BOTTOM FALLS OUT OF STOCKS

Slump in Staples Causes 1 to 5 Point Drop Led by Steels and Motors.

By The Associated Press
NEW YORK, April 1.—Led by steels, motors and coppers, stock market leaders today were routed for losses of one to five or more points.

At the height of the selling wave in the morning the ticker tape was three minutes in arrears. Activity slowed appreciably later.

Sparting the downfall was a sharp drop in major commodities, another decline in U. S. government securities and recurrent, but officially denied, rumors the treasury was considering lowering its buying price of gold as a means of keeping a boom from getting out of hand.

Settlement of the Chrysler strike failed to stimulate this issue which, after a moderately delayed opening, became one of the day's weak spots. There was talk of a union drive on other automotive sectors.

General Motors backed away along with Electric Auto-Lite and Briggs Mfg. Auburn, on the other hand, pushed up a point or so.

Well up in front of the retreat were U. S. Steel, Bethlehem, Youngstown Sheet & Tube, American Rolling Mill, Republic Steel, and others.

Banking quarters, believing the treasury has no idea at present of showing the gold price, pointed out revaluation would tend to hit industrial exports and materially restrict production in this country.

Also, it was added, the bookkeeping profit realized by the government on the revaluation of the dollar would be partly lost and the psychological effect on the general price structure might be detrimental.
